

“

Not only would I like to succeed in my courses, but I would like to participate in additional community service.

I would like to become active in supporting and assisting foster youth to get up on their feet. Just like others have helped me get up on my feet. Having been a foster youth myself, it was an impactful chapter in my life.

This scholarship is extremely important to me and my family because I will be able to complete my studies and provide a better future for myself, my family and others."
